We would therefore encourage all shareholders to avail of the tele-conference option in their attendance of the meeting. To attend the meeting via tele-conference we would ask that shareholders complete the form attached hereto as Schedule "B", completing all requested information and e-mail a copy to reception@stockslaw.com or submit by Facsimile: (604) 687 6650 Attn: Thomas Moggan

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company (the "Management Proxyholders").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Proxy Dept., 100 University Avenue, 9th Floor, Toronto, Ontario M4J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee") and in the United States, under the name Cede & Co., as nominee for the Depository Trust Company (which acts as a brokerage depository for many U.S. firms and custodial banks). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "non-objecting beneficial owners" ("**NOBOs**"). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as "objecting beneficial owners" ("**OBOs**").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") of the Canadian Securities Administrators, the Company has elected to send the Meeting materials directly to NOBOs.

If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting materials unless their Nominee assumes the costs of delivery.

The Company is not sending the Meeting materials to shareholders using "notice-and-access", as defined under NI 54-101.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 193,957,191 shares are issued and outstanding. Persons who are registered shareholders at the close of business on March 12, 2021 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

NUMBER OF DIRECTORS

At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company for the ensuing year at three (3). The number of directors will be approved if the affirmative vote of the majority of common shares present or represented by proxy at the Meeting and entitled to vote are voted in favour to set the number of directors at three (3).

Management recommends the approval of the resolution to set the number of directors of the Company at three (3).

ELECTION OF DIRECTORS

The Company entered into an agreement with Malaspina Consultants Inc. (the "Malaspina Agreement") pursuant to which Natasha Tsai, the Company's Chief Financial Officer, agreed to provide certain consulting services to the Company. The Malaspina Agreement may be terminated by either party on 60 days written notice to the other party. Under the terms of the Malaspina Agreement, the Company agreed to pay Malaspina an hourly rate and Ms. Tsai is entitled to participate in any incentive stock option plan as may be available from time to time in the amounts, on the terms and at the time determined by the Board.

Oversight and Description of Director and NEO Compensation

The Company's executive compensation program is administered by the Compensation Committee. The Compensation Committee consists of W. Barry Girling, James Liang and Gunther Roehlig. All the members of the Compensation Committee are independent within the meaning of NI 52-110 except Gunther Roehlig who is Interim Chief Executive Officer.

The Compensation Committee's responsibilities include reviewing and making recommendations to the Board of Directors with respect to adequacy and the form of compensation to all executive officers and directors of the Company, making recommendations to the Board of Directors in respect of granting of stock options to management, directors, officers and other employees and consultants of the Company, and monitoring the performance of the Company's executive officers.

Executive compensation awarded to the named executive officers consists of two components: (i) management fees and (ii) stock options. The Company does not presently have a long-term incentive plan for its named executive officers. There is no policy or target regarding allocation between cash and noncash elements of the Company's compensation program.

In setting compensation rates for named executive officers, the Company compares the amounts paid to them with the amounts paid to executives in comparable positions at other comparable companies. The Company's compensation payable to the named executive officers is based upon, among other things, the responsibility, skills and experience required to carry out the functions of each position held by each named executive officer and varies with the amount of time spent by each named executive officer in carrying out his or her functions on behalf of the Company. The grant of stock options, as a key component of the executive compensation package, enables the Company to attract and retain qualified executives. Stock option grants are based on the total of stock options available under the Option Plan. In granting stock options, the Board of Directors reviews the total of stock options available under the Option Plan and recommends grants to newly retained executive officers at the time of their appointment, and considers recommending further grants to executive officers from time to time thereafter. The amount and terms of outstanding options held by an executive are taken into account when determining whether and how new option grants should be made to the executive. The exercise periods are to be set at the date of grant. The stock option grants may contain vesting provisions in accordance to the Company's Option Plan.

Due to the Company being a junior mining issuer and having limited financial resources, compensation is not tied to performance criteria or goals. The Company is unaware of any significant events that have significantly affected compensation of its management team and directors. The Company did not make any changes to its compensation policies during or after the fiscal year ended February 29, 2020.

Pension

The Company does not provide any pension benefits for directors or executive officers.

National Instrument 58-101, Disclosure of Corporate Governance Practices, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive, but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating three individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. All of the current members of the Board are considered “independent” within the meaning of NI 52-110, except Gunther Roehlig who is Interim Chief Executive Officer of the Company.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO and President. The Board will give direction and guidance through the President to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and the Audit Committee chairperson. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of the CEO and the President, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the President, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its audit committee.

Orientation and Continuing Education

The Board’s practice is to recruit for the Board only persons with extensive experience in identifying and targeting junior businesses for transactions and in public company matters. Prospective new board members are provided a reasonably detailed level of background information, verbal and documentary, on the Company’s affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company’s governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director’s participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in

comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. CONFIRMING STOCK OPTION PLAN

Pursuant to Policy 4.4 of the TSX Venture Exchange (the "Exchange"), all TSX-V listed companies are required to adopt a stock option plan prior to granting incentive stock options. The purpose of the Stock Option Plan is to attract and motivate directors, senior officers, employees, consultants and others providing services to the Company and its subsidiaries (each a "Participant"), and thereby advance the Company's interests, by affording such Participants with an opportunity to acquire an equity interest in the Company through the issuance of stock options. The Company has adopted a "rolling" stock option plan reserving a maximum of 10% of the issued shares of the Company at the time of the stock option grant.

The shareholders are being asked to approve the Stock Option Plan at the Meeting. As a "rolling" stock option plan, the Stock Option Plan will be required to be re-approved by the shareholders each year at the Company's annual general meeting.

Copies of the Stock Option Plan will be available at the Meeting for review by the shareholders. In addition, upon request, shareholders may obtain a copy of the document from the Company prior to the Meeting.

Summary of the Plan

The following information is intended as a brief description of the Company's Stock Option Plan and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for review at the Meeting. Capitalized terms are as defined in the Stock Option Plan.

1. The aggregate number of Common Shares that may be reserved for issuance pursuant to Options shall not exceed 10% of the outstanding Common Shares at the time of the granting of an Option. For greater certainty, if an Option is surrendered, terminated or expires without being exercised, the Common Shares reserved for issuance pursuant to such Option shall be available for new Options granted under this Plan.
2. The exercise price per Common Share for an Option shall be determined by the Directors or their delegates if any, but will in no event be less than the permitted discount to the Market Price for the Common Shares (as defined by the policies of the Exchange) at the date of grant.
3. If Options are granted within ninety days of a distribution by the Company by prospectus, then the exercise price per Common Share for such Option shall not be less than the greater of the minimum exercise price calculated pursuant to subsection 5.1(a) herein and the price per Common Share paid by the public investors for Common Shares acquired pursuant to such distribution. Such ninety-day period shall begin:
 - (i) on the date the final receipt is issued for the final prospectus in respect of such Distribution; or
 - (ii) in the case of an initial public offering, on the date of listing.
4. The number of Common Shares reserved for issuance in any 12 month period under this Plan to (a) any one Person, shall not exceed 5% of the outstanding Common Shares at the time of the grant (unless the Company has obtained Disinterested Shareholder Approval to exceed such limit); (b) any one Consultant or Person employed to provide Investor Relations Activities, shall not exceed 2% of the outstanding Common Shares at the time of the grant; and (c) to Insiders, shall not exceed 10% of the outstanding Common Shares at the time of the grant.
5. Unless the Company has received Disinterested Shareholder Approval to do so, the number of Common Shares issued to any Person within a 12-month period pursuant to the exercise of Options granted under this Plan shall not exceed 5% of the outstanding Common Shares at the time of the grant.
6. Upon expiry of an option, or in the event an option is otherwise terminated for any reason, the number of shares in respect of the expired or terminated option shall again be available for the purposes of the Stock Option Plan. All options granted under the Stock Option Plan, unless sooner terminated, have a term not exceeding and shall therefore expire no later than 10 years after the date of the grant.
7. If a Participant who is an Officer, Employee or Consultant is terminated for cause, each Option held by such Participant shall terminate and shall therefore cease to be exercisable upon such termination for cause.

If a Participant dies prior to otherwise ceasing to be an Eligible Person, each Option held by such Participant shall terminate and shall therefore cease to be exercisable no later than the earlier of the Expiry Date and the date which is twelve months after the date of the Participant's death.

Unless an option agreement specifies otherwise, if a Participant ceases to be an Eligible Person for any reason other than death, each Option held by the Participant other than a Participant who is involved in investor relations activities will cease to be exercisable 90 days after the Termination Date or for a "reasonable period" after the Participant ceases to serve in such capacity, as determined by the Board. For Participants involved in investor relations activities, Options shall cease to be exercisable 30 days after the Termination Date or for a "reasonable period" after the Participant ceases to serve in such capacity, as determined by the Board.

For greater certainty, if a Participant dies, each Option held by such Participant shall be exercisable by the legal representative of such Participant until such Option terminates and therefore ceases to be exercisable pursuant to the terms of this Section.

If any portion of an Option is not vested at the time a Participant ceases, for any reason whatsoever, to be an Eligible Person, such unvested portion of the Option may not be thereafter exercised by the Participant or its legal representative, as the case may be, always provided that the Board may, in its discretion and in the case of Options relating to Investor Relations, subject to the approval of the Exchange, thereafter permit the Participant or its legal representative, as the case may be, to exercise all or any part of such unvested portion of the Option that would have vested prior to the time such Option otherwise terminates and therefore ceases to be exercisable pursuant to the terms of this Section. For greater certainty, and without limitation, this provision will apply regardless of whether the Participant ceased to be an Eligible Person voluntarily or involuntarily, was dismissed with or without cause, and regardless of whether the Participant received compensation in respect of dismissal or was entitled to a notice of termination for a period which would otherwise have permitted a greater portion of an Option to vest.

The Board retains the discretion to impose vesting periods on any options granted. In accordance with the policies of the Exchange, stock options granted to consultants performing investor relations services must vest in stages over a minimum of 12 months with no more than one-quarter of the stock options vesting in any three-month period.

Under the Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis. Therefore, at the Meeting shareholders will be asked to pass an ordinary resolution in the following form:

BE IT RESOLVED that:

1. the Company approve and ratify, subject to regulatory approval, the Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares of the Company at the time of grant, with a maximum of 5% of the Company's issued and outstanding common shares being reserved to any one person on a yearly basis; and
2. any one officer or director of the Company is hereby authorized to execute and deliver all such documents and do all such acts and things as may be deemed advisable in such individual's discretion for the purpose of giving effect to this resolution."

Management recommends the ratification and approval of the Stock Option Plan.

2. APPROVAL OF SHARE CONSOLIDATION

The Board has determined that it is in the best interests of the Company to consolidate all of the Company's issued and outstanding Shares (the "Consolidation"). At the Meeting, Shareholders will be asked to consider, and if thought advisable, to pass an ordinary resolution (the "Consolidation Resolution") (the full text of which is set out below) providing for the alteration of the Company's share structure by consolidating the Company's issued and outstanding Shares on the basis of a maximum of one (1) Post-Consolidation Share for every one-hundred (100) Pre-Consolidation Shares issued and outstanding (the "Consolidation Ratio").

The Board will in its sole discretion determine the Consolidation Ratio or potentially a lesser ratio that results in the Company continuing to meet the distribution requirements of the TSX Venture Exchange. The Board will then have the sole discretion to proceed with the Consolidation, subject to the receipt of the approval of the Shareholders and the acceptance of the Exchange, and the Board notes that proceeding with the Consolidation is not contingent on the outcome of any other matter to be voted on pursuant to this Information Circular.

Reasons for the Consolidation

The Board believes that the Consolidation is necessary due to market conditions that have made it challenging to raise capital under the Company's current share structure.

An additional potential benefit of the Consolidation to Shareholders includes greater investor interest. A higher Post-Consolidation Share price could help generate interest in the Company among investors as a higher anticipated Post-Consolidation Share price may meet investing guidelines for certain institutional investors and investment funds that may be prevented under their investing guidelines from investing in the Shares at current price levels. In addition, a higher Post-Consolidation Share price could result in changes in the price of levels of the Shares making them less volatile on a percentage basis.

Effects of the Consolidation

The Consolidation will result in Shareholders holding a smaller number of Shares. In the event the resolution with respect to the Consolidation is approved, the consolidation ratio permitted will be one (1) Post-Consolidation Share for every one hundred (100) Pre-Consolidation Shares, however, the board in its discretion may elect to proceed with Consolidation at a ratio less than the Consolidation to minimize the effect to its Shareholders. The Consolidation will not affect any Shareholder's percentage ownership interest or voting the rights in the Company, except to the extent that the Consolidation would otherwise result in any Shareholder owning a fractional Share. Any fractional Shares resulting from the Consolidation will be rounded up to the next whole Share if such fractional Shares is less than one-half of a Share.

As of March 12, 2021 the total number of issued and outstanding shares of the Company was 193,957,191. Accordingly, in the event that the Board determines to proceed with the Consolidation on a ratio of one (1) Post-Consolidation Share for every one hundred (100) Pre-Consolidation Shares, the total number of Shares issued and outstanding after the Consolidation is expected to be approximately 1,939,572. The table below summarizes the same should the Board elect to complete the Consolidation at a lesser ratio.

Ratio	Issued and Outstanding Post-Consolidation
One (1) Post-Consolidation Share for every one hundred (100) Pre-Consolidation Shares	1,939,571
One (1) Post-Consolidation Share for every ninety (90) Pre-Consolidation Shares	2,155,079
One (1) Post-Consolidation Share for every eighty (80) Pre-Consolidation Shares	2,424,464
One (1) Post-Consolidation Share for every seventy (70) Pre-Consolidation Shares	2,770,817
One (1) Post-Consolidation Share for every sixty (60) Pre-Consolidation Shares	3,232,620
One (1) Post-Consolidation Share for every fifty (50) Pre-Consolidation Shares	3,879,143
One (1) Post-Consolidation Share for every forty (40) Pre-Consolidation Shares	4,848,930
One (1) Post-Consolidation Share for every thirty (30) Pre-Consolidation Shares	6,465,240
One (1) Post-Consolidation Share for every twenty (20) Pre-Consolidation Shares	9,697,860
One (1) Post-Consolidation Share for every ten (10) Pre-Consolidation Shares	19,395,719

The implementation of the Consolidation would not affect the total Shareholders' equity of the Company or any components of Shareholders' equity as reflected on the Company's financial statements except: (i) to change the number of issued and outstanding Post-Consolidation Shares; and (ii) to change the stated capital of the Post-Consolidation Shares to reflect the Consolidation.

Each option, warrant or other security of the Company convertible into Pre-Consolidation Shares that have not been exercised or cancelled prior to the implementation of the Consolidation will be adjusted pursuant to the terms thereof on the basis of the same ratio as may be decided upon by the Board for the Consolidation (i.e. the number of Shares issuable will decrease while the exercise price will increase).

Risk Factors Associated with the Share Consolidation

Decline in Market Capitalization

There are numerous factors and contingencies that could affect the Pre-Consolidation Share and Post-Consolidation Share prices, including general economic, stock market and industry conditions. Accordingly, the market price of the Post-Consolidation Shares may not be sustainable at the direct arithmetic product of multiplying the Pre-Consolidation Share price and the consolidation ratio, and may be lower. If the market price of the Post-Consolidation Shares is lower than it was before the Consolidation on an arithmetic equivalent basis, the Company's total market capitalization (the aggregate value of all Post-Consolidation Shares at then market price) after the Consolidation may be lower than before the Consolidation.

Potential for Adverse Effect on the Liquidity of the Shares

If the Consolidation is implemented and the market price of the Post-Consolidation Shares declines, the percentage decline may be greater than would occur in the absence of the Consolidation. The market price of the Post-Consolidation Shares will, however, also be based on the Company's performance and other factors, which are unrelated to the number of Post-Consolidation Shares outstanding. Furthermore, the liquidity of the Post-Consolidation Shares could be adversely affected by the reduced number of Post-Consolidation Shares that would be outstanding after the Consolidation.

No Fractional Shares to be Issued

As previously noted, no fractional Post-Consolidation Shares will be issued in connection with the Consolidation and, in the event that a Shareholder would otherwise be entitled to receive a fractional Post-Consolidation Share upon the Consolidation, such fraction may be rounded up or down, as applicable, to the nearest whole number.

Decreased Tradability of Shares

The Consolidation may result in some Shareholders owning "odd lots" of Post-Consolidation Shares. "Odd lots" may be more difficult to sell, or require greater transaction costs per Post-Consolidation Share to sell, than Post-Consolidation Shares held in even multiples of "board lots". A "board lot" is 1000 shares for shares trading at less than \$0.10 per share, 500 shares for shares trading at or above the \$0.10 per share but below the \$1.00 share and is 100 shares for shares trading at or above \$1.00 per share.

Procedures for Implementing the Consolidation

If the Shareholders approve the Consolidation Resolution set forth below, the Board will have the authority, in its sole discretion, to determine whether or not to implement the Consolidation. If the Board decides to implement the Consolidation, the Company will promptly make the required filings with the Exchange. The Consolidation will be effective on the date on which the Board determines to carry out the Consolidation after receiving the acceptance of the Exchange. The Board may also elect to complete the Consolidation at a ratio less than the Consolidation Ratio to minimize any effects to the Company's shareholders.

Effects of the Consolidation on Share Certificates

No delivery of a certificate evidencing a Post-Consolidation Share will be made to a Shareholder until the Shareholder has surrendered the issued certificates representing its Post-Consolidation Shares. Until surrendered, each certificate formerly representing the Pre-Consolidation Shares shall be deemed for all purposes to represent the number of Post-Consolidation Shares to which the Shareholder is entitled as a result of the Consolidation.

Upon implementation of the Consolidation, each certificate representing the Pre-Consolidation Shares will, until surrendered and exchanged as described below, be deemed cancelled and, for all corporate purposes, will be deemed to represent, respectively, only the whole number of Post-Consolidation Shares, with any resulting fraction being rounded either down to the next lowest whole number, if the first decimal place is less than five, or up to the next highest whole number, if the first decimal place is five or greater.

Registered Shareholders

Registered Shareholders will be mailed a letter of transmittal that will be used for the purpose of surrendering share certificates representing the currently outstanding Pre-Consolidation Shares (the "Letter of Transmittal") in order to receive, in exchange, new share certificates representing whole Post-Consolidation Shares. Registered Shareholders are encouraged to complete and sign the Letter of Transmittal and deliver it, together with certificates representing

their Pre-Consolidation Shares and other required documents, to Computershare Investor Services Inc. (“Computershare”) in accordance with the instructions contained in the Letter of Transmittal. The Letter of Transmittal contains procedural information relating to the Consolidation and should be reviewed carefully. The deposit of Pre-Consolidation Shares pursuant to the procedures in the Letter of Transmittal will constitute a binding agreement between the depositing Shareholder and the Company upon the terms and subject to the conditions set forth in this Information Circular and the Letter of Transmittal. In the event that the Consolidation Resolution is not approved by Shareholders at the Meeting or the Company determines not to implement the Consolidation for any reason, all share certificates representing Shares that were delivered to Computershare will promptly be returned to the registered holders thereof. Shareholders should not destroy any share certificate(s) and should not submit any share certificate(s) until requested to do so.

The Company reserves the right, if it so elects in its absolute discretion, to waive or not to waive any defect or irregularity contained and all errors or other deficiencies in any Letter of Transmittal or other document and any such waiver or non-waiver will be binding upon the depositing Shareholder. The granting of a waiver to one or more Shareholders does not constitute a waiver for any other Shareholders. The Company and Computershare reserve the right to demand strict compliance with the terms of the Letter of Transmittal. The method used to deliver the Letter of Transmittal and any accompanying certificates representing Shares is at the option and risk of the holder surrendering them and delivery will be deemed effective only when such documents are actually received by Computershare. If depositing share certificates, the Company recommends the use of the registered mail with return receipt requested, and with proper insurance.

Non-Registered Shareholders

Non-Registered Shareholders, holding their Shares through an intermediary should note that such intermediaries may have various procedures for processing the Consolidation. If a Non-Registered Shareholder holds Shares with such an intermediary and has any questions in this regard, the Non-Registered Shareholder is encouraged to contact its intermediary.

No Dissent Rights

Under the BCCA, Shareholders do not have dissent and appraisal rights with respect to the proposed Consolidation.

Consolidation Resolution – Up to one (1) Post-Consolidation Share for One hundred (100) Pre-Consolidation Shares

BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

- (a) The authorized share structure of the Company may be altered by consolidating the issued and outstanding common shares on the basis of up to one (1) post-consolidation common share for every one hundred (100) pre-consolidation common shares then issued and outstanding, or such lesser number of pre-consolidation common shares as may be determined by the board of directors of the Company (the “Consolidation”), subject to approval thereof by the TSX Venture Exchange;
- (b) any fractional shares resulting from the consolidation of the common shares shall be converted to whole common shares pursuant to section 83 of the *Business Corporations Act*;
- (c) the board of directors of the Company may, in their discretion, without further approval of the shareholders, revoke this resolution at any time;
- (d) Upon the date determined by the board of directors, these resolutions described herein shall be deposited at the Company’s records office; and
- (b) any one director or officer of the Company be and is hereby authorized and directed to execute all documents and instruments and take all such other actions as may be necessary or desirable to implement this resolution and the matters authorized hereby.”

The Board has determined that it is in the best interests of the Company to proceed with the Consolidation and unanimously recommends that Shareholders vote in favour of the Consolidation Resolution. It is the intention of the management designees, if named as proxy, to vote for the approval of the Consolidation, unless otherwise directed in the form of proxy.
